OUR AIMS & OBJECTIVES

From the Principal's Desk

DAV Mohali was developed with the goal of providing Tricity residents with state-of-the-art facilities and high-quality education. The long-term development of our children has been our primary goal for almost twenty-five years now. We believe that 'Clear Vision' is very important for the future of our students. Therefore, we continuously strive to improve their innovative thinking, creativity, and morality to help them achieve it. All our students are taught in an environment that fosters a mindset of 'Nothing is Impossible' so that they can take on any obstacle that comes their way. Consequently, at DAV Mohali, we are steadfast in our commitment to pursuing excellence and competition in all fields. Students excel in a wide range of activities, and it shows in their faces that shine with pride.

We believe that schools should be guided by a set of agreed-upon beliefs, teamwork and mutual trust. The 'Theory of Karma' is what we live by. The achievements of our students in scholastic and co-scholastic fields speak louder than everything we say and we take pride in it.

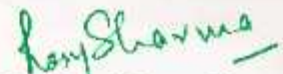

Using a combination of logical, literal, and rational thinking, our students have improved their cognitive skills. Their diligent involvement and motivation to the student community with these skills will lead to the accomplishment of personal as well as our schools' goals. Dreams have come true for the DAVCMC, LMC, staff, parents, media, and students. The DAV Mohali team is grateful for your support in this effort to cultivate the leaders of the future, which has been an exciting journey since 1995.

Our aim in this academic session is to make the hybrid learning through online and offline modes of education, a fun-filled, enjoyable, learning and growing experience on solid foundation of values. We deem it is vital to create an environment where students eagerly look forward to coming to school. Our highly experienced faculty of teachers is eager to help them in accomplishing their goals of a successful academic session. We want our students to have fond memories of time spent with us, long after they have left the threshold of their school.

God's blessings be upon us all. May HE invigorate and lift our spirits, strengthen our resolve to dedicate ourselves to this institution and to strive hard to reach new heights of glory and prosperity.

Learning is a treasure that will follow its owner anywhere.
